This plan sets out our approach to accessibility for Extend Learning Academies Network (ELAN).

1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which pupils with disabilities can participate in the curriculum
- Improve the physical environment of the school to enable pupils with disabilities to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to pupils with disabilities

Extend Learning Academies Network (ELAN) aims to treat all its pupils fairly and with respect, and we strive to ensure that all pupils are fully included in all aspects of school life. We will make reasonable adjustments to provide access and opportunities for all pupils without discrimination of any kind. As a Multi Academy Trust (MAT) we value and respect personal qualities and the needs of individual students within our schools. We are committed to providing a safe, secure and aspirational learning environment where all children feel confident and able to flourish regardless of gender, religion, race, background, specific difficulty or physical ability.

Our trust's values are:

- We respect individuality
- We do the right thing
- We work together

Our accessibility plan will be made available online on the [trust website](#) and individual school websites, and paper copies are available upon request.

Our trust is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

Our trust's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in one of the schools in the trust, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including pupils, parents, staff, trustees and governors.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools and trusts on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if they have a physical or mental impairment that has a 'substantial' and 'long-term' negative effect on their ability to do normal daily activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools and academy trusts are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a pupil with a disability faces in comparison with those without a disability. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This plan complies with our funding agreement and articles of association.

3. Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010. We aim to deliver current good practice, and further actions to be taken, in a reasonable time and in ways determined, by taking into account our pupils' specific disabilities, and, any preference expressed by them and/or their parents.
